

FRANCHISE

In Order to start a cooperation with our company there are certain Steps that you need to follow and certain requirements that you need to fulfill.

Overview

We at Pahit Ice are interested to co operate with people that are passionate and enthusiastic about the brand, that understand the principles behind it, have a good sense of hygiene and are committed to make their own Gelateria the diamond of the area they intend to operate.

At this point we would like to make it clear that, we are only interested to start new Franchises in areas that are not covered by any existing Franchisees. This is one of the first criteria evaluated, as it is vital for us to protect existing Franchises and constantly update them so that they can meet the constantly changing demands and trends of the market. Every new Franchise will have the support of the Pahit Ice team, which provides these and many other services to our customers.

Things You should know

Pahit Ice accepts a lot of new applications each year and we find it very difficult to examine them all.

The application through this website tends to filter applications for us, so that we are more efficient and examine cases that are only of interest to the brand

By submitting an application form you are going to be asked to give certain details which allows us to perform a prime evaluation of the location. Please read our Privacy Policy and Information Regarding the Processing of Personal data below.

Please, try to fill the whole application as applications that are not fully filled may not be read or taken seriously.

After reviewing your application you will receive an email that informs you on the results of the Prime Evaluation. The Prime Evaluation will inform you, if the brand is interested to start a new Gelateria at your requested Location.

Applications that pass this first evaluation will be contacted by the company within one or two weeks to set up a meeting at the location under review.
